Re: Greek Theatre Concession Council File #14-1500

Dear Councilmember O'Farrell,

Established in 1924, the Central City Association (CCA) is Los Angeles's premier business advocacy organization, with 450 members employing over 350,000 people in the Los Angeles region. As the premier voice of business, we recognize the critical role that well-designed, large place making projects play in supporting Downtown's continued growth. As the economic hub of California, Los Angeles is home to ten million residents, an ever growing number of whom choose to make Downtown their home and I am proud to share that AEG has been an excellent corporate citizen and has played a key role in the growth and development of Downtown.

LA Live is an iconic and internationally renowned sports and entertainment destination that hosts thousands of events yearly. From sports events at the STAPLES Center to music concerts at NOKIA Theater, AEG has proven they are world class operators. LA Live represents \$2.5 billion of private investment in the City and proves AEG has the resources to expand their brand citywide.

AEG has been a trailblazer in Downtown Los Angeles and has contributed greatly to its renaissance. AEG has the vision, commitment and proven track record as a strong civic and community partner. There is no doubt that they will be good neighbors wherever they operate and I encourage you to review AEG's track record of success in Downtown Los Angeles.

Thank you for your consideration and should you have any questions please do not hesitate to contact me directly.

Sincerely,

Carol E. Schatz
President & CEO

Hi Jeanne & Dave,

Would CM O'Farrell be interested and/or available in presenting to CCA's Housing and Land Use Committee on 5/20 from 8:30-9:30am regarding the Value Capture motion (CF 14-1325)?

It would be great to have him give a 10-15 minute overview of what the general thinking is then take questions and hear ideas from members.

Please let me know.

Thank you, Marie
